Model Number	NA 12V200ah-#1787
Brand Name	MICA
origin	China
Small Orders	Accepted

Key Specifications/ Special Features:

Products Description

Specification

Items	Parameter	
Battery model	MC-SIB12230P	
Nominal voltage	12.4V	
Minimum capacity	200Ah@25°C,C10	
Charging voltage	16V	
Discharging cut-off voltage	8V	
Standard charging	0.2C /14.4V	
Max charging	1.0C /14.4V	
Standard discharging	1C/8V	
Max discharging	continuous discharge	1.0C/8V
	non-continuous discharge	2.0C/8V
Operation voltage	8~16V	
Operating temperature	Charging: 0°C ~ 45°C	
	Discharging: -30°C ~60°C	

MH

Storage (At 50% SOC and specified temp,recoverable capacity in % vs time)	-10°C~-25°C	(12 months ≥85%)
	-10°C ~45°C	(6 months ≥85%)
	-10°C~55°C	(1 month ≥90%)
	20±5°C is the recommended storage temperature	
Visual Inspection	There should not be any remarkable scratches, cracks,bolts, cauterization, deformations, swelling, leakageand so on the surface of the cell.	
Self-discharge Rate	<2% per month	

Why choose us
More than 15 Years' Experience in Lithium BatteryMica Power Co. Ltd was established in 2009. Our management team has more than 15 years' experience in rechargeable battery. Our factory covers an area of 15,000 square meters and has more than 500 employees.
Benefit From Our AdvantagesBacked by professional supporting team, we have expertise in R&D, OEM production and marketing. With the support of a professional and dedicated engineering and operation team, we are available to bringing customers' idea into reality. Flexible to customized request, such as sound adjusted, color, package, and accessories adjusted, so you can enjoy our quick one-stop OEM service.
Meeting Quality StandardsOur company has passed ISO 9001:2015 quality and BSCI system approval and our products have got the ROHS, CE, UL, IEC, UN38.3 certifications. The battery products have the advantages of high energy density, high power density, small volume, light weight,long service life, low self-discharge, flexible and varied shapes, safety performance and so on.

FAQ

Q1: Do you accept sample order?
A: Yes, we welcome sample to test the quality, customized is available.

Q2: What will be the delivery time after I place the order?
A: For mass order will take 15-30 days, it depends on the order quantity. For sample will take around 1 week.

Q3: Who will deliver our goods?
A: The products delivered by express, airline and sea shipping is avaiable, you can choose the most suitable delivery way. Also if you have your own forwarder just pass it to us, we will follow it up.

Q4: Can I print my company logo on the products?
A: Yes. We can provide OEM service.

Q5: : What will be the payment terms?
A: We accept T/T, Paypal, Money Gram etc.

Q6: What is your Warranty Policy?
A: We offer 5 years warranty for our products and can be replaced with new ones for free if quality Issues. Using Lithium iron phosphate battery, which has high safety performance, long cycle life, with service life of more than 10 years.

Q7: How to choose a right battery?
A: Just tell us your demand, then we will recommend a suitable battery to you.
